FOR IMMEDIATE RELEASE

### **Incredible Tutor™ Update 9.6**

Austin, Texas—July 1, 2005 -- Sleek Software, a leading K-12 test preparation company, is happy to announce the release of the Incredible Tutor™ Update 9.6. This offers the same high quality content, tutorial features, and data disaggregation tools as the previous versions. And more.

### **What's New in this Version**

The 3-5 Science titles have been improved and numerous new TAKS-appropriate graphics have been added. New biology content was added to the 9-11 Science titles. Also, lessons in the 9-11 Science titles have been modified in both the Incredible Tutor™ and Manage IT!® to make it easier for users to navigate their way through the lesson lists.

The five-answer questions have been removed from the Texas, Florida, Illinois, and United States English and Spanish Math titles. The Not Here answers were removed from the Florida titles. Several variations have been increased in the math algorithms, meaning additional answer variations have been added to the math questions. **Hundreds of new hints have been added to the Math titles.**

**Graphics have been added to the Warm Fuzzies--positive reinforcement windows--in the Spanish Math, Reading, and Writing titles.**

### **Location of the Update**

All users, including students, parents, teachers, and administrators are invited to download the Incredible Tutor™ Update 9.6. Simply visit this Web site:  
<http://www.sleek.com/UPDATE/index.html>

### **Trial for those who have never tried IT! before**

If you want to try the Incredible Tutor™, simply go to [www.sleek.com/30](http://www.sleek.com/30) and download your free trial. You can view all of our content for 30 days; after that, the software will automatically expire.

### **About Sleek Software Corporation**

Sleek Software Corporation is a Texas-based company founded in 1993, specializing in software to help students perform at their peak on high-stakes tests. Sleek is committed to student success and providing the tools educators need to make learning easier and more efficient. If you would like more information about Sleek Software and the Incredible Tutor, please contact Emily Hovland at 1-800-337-5335.
