FOR IMMEDIATE RELEASE  
**Game Packs 1 and 2**  
Austin, Texas–August 24, 2006

Sleek Corporation announced today that two Game Packs will now be available to school and home users across the country. These fun, educational games are meant to reward your students for all their hard work preparing for the state standardized tests.

#### **Game Pack 1**

Game Pack 1 has five interactive, fun Flash-based games. **Space Out** is a 21<sup>st</sup> century version of the Break Out game that allows you to bounce your ball(s) into the bricks until you reach the next level. **Smiley Chomp** features everyone's favorite emoticon, the happy face. The goal of the game is to eat all the pebbles and power-ups on the screen, and avoid the chompers. **Pearl Hunt** is an addictive puzzle game that allows you to shift the maze until you collect all the pearls in the treasure chest. In **Melon Splat**, your ambition is to arrange the falling boxes while avoiding the explosions and beating the clock! **Add Like Mad** is a fast-paced addition game. See Game Pack 2 for the subtraction version! The complete pack is 4 MB.

#### **Game Pack 2**

Game Pack 2 also has five interactive, exciting games. In **Why Did the Chicken Cross the Road?** you'll attempt to navigate the chicken safely across the road, river, or other barrier. To succeed at **Invasion of the Galactic Goobers** you'll need to destroy the Big Boss Goobers. But if the Goobers hit you with their goop, you will lose a life. **Subtraction Action** is a game that's not only fast-paced and fun, but your math acuity will increase by the second! **Swap A Smiley** requires you to arrange the smiley faces so that there are three or more in a row. And **Wacky Word Whiz** encourages you to form new words and answer fun quiz questions. The complete pack is 4 MB.

#### **About Sleek Corporation**

Sleek Corporation is a Texas-based company founded in 1993. Sleek Corporation creates interactive tutorials and online tools that help students perform at their peak on high-stakes standardized tests. Sleek Corporation is committed to student success and determined to provide educators with the tools they need to make learning easier and more efficient.
